

# THE BULLETIN.

MAYSVILLE. - JANUARY 21

Persons wishing the Bulletin, must pay for it in advance. We are compelled to adopt this course in justice to ourselves. Our terms are only One Dollar per year.

THANKS.—Mr. Geo. W. Smith, of the Steamer Continental, will please accept our thanks for late files of New Orleans papers.

ACCIDENT.—On last Friday Morris H. Phister met with a serious accident sliding down the hill on his sled. He came in collision with a wagon and cut his head severely. Doctors Phister and McGrawnan dressed his wound, and he is now doing well.

The debt of New York city is twenty millions of dollars.

The Republican convention of New Hampshire has declared as the choice of the State for president Abraham Lincoln.

Longstreet has been pushing back the forces of Gen. Grant, and gaining advantages over the Federal troops.

Bishop Hughes last words were 'bury me in the sunshine.'

Wm. H. Graham, once proprietor of Graham's Magazine, of Philadelphia, which subsequently passed into the hands of his brother, George R. Graham, died in New York last week, of 'interference and exposure.'

Of the thirty-three standing committees of the U. S. Senate, New England has more than one-half the chairmen. That don't look like leaving New England out in the cold.

All is quiet on the Potomac but in most cases it is the quiet of death. The late intense cold must have settled the earthly account of many a bronzed soldier who had sought death in vain at the cannon's mouth.

Arrests in the Treasury Department continue. The stealing has been carried on so industriously that it is difficult telling who has not been engaged in the business.

The annual sales of pews in Beecher's church, Brooklyn, reached the sum of \$32,000. The highest premium paid for one pew was \$200.

So many of the Washington clerk and business men live at Baltimore that a commutation train is to be run between the two cities, arriving at Washington at a quarter before nine and leaving at half past four. An annual ticket can be bought for \$125.

There are more sewing machines manufactured in Connecticut than in any other State in the Union. No less than 87,298 have been thrown into market in a single year.

Bentley, London, has published Mrs. Greenhow's book about her imprisonment in Washington. She glories in having sent information constantly to the rebel commanders, and was paid for all her sufferings when Jeff. Davis told her that, but for her, they would have had no Bull Run to boast of.

There are many indications that Washington is to have a gay season. In addition to the usual assortment of Congressional belles, the diplomatic 'set' and visitors, there are the wives and daughters of what Mrs. Partington termed the 'Armory and Knave' men, and the families of a regiment of contractors, just quitting the tadpole state and expanding into gorgeous butterflies.

The New York Central Railroad is 555 miles long.

Lord Lyons predicts the downfall of the Southern Confederacy within thirty days.

The naval prize money distributed during December last, amounted to over \$330,000 among eleven hundred men.

BLOCKADE RUNNERS.—According to recent statements in Bermuda papers, it appears, it appears that over four thousand vessels have been engaged during the war, carrying goods into Southern ports. Of this number the Federal cruisers have captured or destroyed upwards of four hundred, or one to every ten that successfully accomplished their voyage.

The Herald's Army of the Potomac dispatch says there are demonstrations by the rebels which create the opinion that they are preparing for a movement of some nature.

The ice in the New York harbor is very thick and doing considerable damage to shipping.

Britannia and Japanned Ware! A FINE STOCK OF BRITANNIA WARE AND TEA TRAYS AND WAITERS, very cheap, at dec17 R. ALBERT'S 2d street.

Adulteration is the order of the day, in everything. All is shoddy. If you buy groceries, your coffee, tea, sugar, even pepper and spices are adulterated. You must pay double, and often triple prices, and be put off with an adulterated article at that. Everything is adulterated—even man himself. Under the reign of Abolitionism the very fountains of humanity are filled with hypocrisy, cant, and revenge. The creatures that we used to call devils, we now see among us as men. This is the reign of Abolitionism.

MODIFICATION OF THE CONSCRIPTION LAW.—The members both the Military Committee of Congress have received large numbers of letters, the writers volunteering suggestions or advice as to what should be the feature of the amendatory Enrollment Bill, evidently desiring it to be so framed as to exempt themselves from the draft. The bill before the Senate will probably pass that body to-morrow, and be sent to the House for concurrence. It corrects some of the faults in, and its object is to render more efficient the operation, of the present law.

The only persons specially exempted from the draft are the Vice-President of the United States, the heads of the several Executive Departments and the Governors of States, and by implication such persons as are physically or mentally unfit for service, according to the prescribed army regulations.

The two classes for enrollment and draft are merged in one, which is made to include persons between the ages of twenty and forty years. Credits to be given to cities, towns and wards, so as to equalize, as far as possible, the draft throughout each district.

The commutation is increased to \$400—those who pay it to be exempted from the present draft, but liable to be called upon in the next; in other words, they are in the condition of a reserved class. Drafted men may, if they prefer, be transferred to the navy such transfer being credited to their respective localities.

Alterations are made in the details of the old act for conducting the draft, and attorneys or agents are restricted to the fee of five dollars for preparing the necessary exemption papers. The bill has not yet been perfected by the Senate, but it will probably pass that body with the above prominent features.

THE AGE OF PURITY RESTORED.—Fourteenth street Washington, is said to contain throughout its whole length, south of Willard, not one house that is not a house of ill-fame. A contract has just been made to build a house of the same character that is to cost \$80,000. Old Babylon and ancient Rome were models of purity, compared with Washington under Republican rule—the party whose platform was to 'restore the Government to the purity of the Fathers.' Perhaps they meant the very early Fathers—those who lived in Herculaneum and Pompeii, and the exhausted symbols of whose faith and practice have in modern times excited the astonishment (but not the admiration) of beholders.—Harvard Times.

Mr. Seward, Mr. Chase, and the wise men of the Republican party, have the cheek to declare that laboring men are doing well, because they have plenty of work and good wages. The silly varlets do not comprehend that the good wages is a cheat, for there never was a time in this country, since the failure of the Continental money, when a man's wages would procure so small an amount of the necessities of life as now. Dry goods have increased in price from 100 to 400 per centum. Man's clothing 70 per centum. Boots and shoes 60 per cent. Coal 125 per cent. For an average, we may say that the necessities of life have increased 100 per cent, while the wages of the laboring class have increased less than ten per cent; so that the odds between Democratic and Republican times is 90 per cent against the laborer. These are the Lincoln good times.—New York Day-Book.

PIANOS! PIANOS!! Of the best manufacturers, at from \$25 to \$50 less than CINCINNATI Cash prices. dec17 R. ALBERT'S Second street.

The subject of amending or repealing the prohibitory liquor law of Massachusetts is widely agitated. The Boston Journal says:

"When we assert that the Maine Liquor Law, as it is sometimes called, is a complete failure in this State, that it has not been and cannot be practically enforced, except in the country towns, where a discretionary license law would be equally stringent, we simply affirm what every observing man has seen for himself. There never was so much liquor sold as at the present time. And it never has been more generally used, even in old times, when it was kept on the side board of almost every family."

Artemus Ward's receipts on the night of his first lecture in San Francisco, was sixteen hundred and twenty-four dollars in gold—equal to \$2320 in legal tenders.

A new cathedral is about to be erected in Havana, built wholly of iron, the estimated cost of which is \$1,000,000.

Hon. Mr. Ames, of Pennsylvania, has introduced a resolution in Congress, in which he calls the conscription act, "The lottery of Death."

NEPTUNE SUPPER. The members of the NEPTUNE FIRE COMPANY intend giving a Supper on the 22d of February, in their New Hall, on Third street. The proceeds of the Supper to go towards completing their New Hall. The Ladies of the city are expected to render aid in their power in assisting on the good work.

In Washington, on the 18th inst., at the residence of the bride's uncle, Wm. R. Gill, by Rev. J. H. Condit, Captain N. S. WOOD, of the Sixteenth Kentucky Regiment, to Miss LOTTIE HAYDEN.

DIED. In Germantown, Ky., Tuesday, December 29th 1868, WILLIAM H. ROBEY, in the 86th year of his age.

In Wilson's Bottom, on the morning of the 10th December, after a short and painful illness, LITTLE TILLIE, youngest daughter of George and Sarah A. Wilson, in the 3rd year of her age.

In this city, on Monday, January 18th, Mr. WILLIAM GREATHOUSE, about Seventy years old. He was an old soldier in the War of 1812, and participated in the battle of the Thames.
